Lots of extras to support your health

Managing your medicines

Your plan offers:

- Coverage for most medicines
- The convenience of mail service pharmacy
- Personal support for specialty medicine needs
- Your personal member website with tools to help you find what you need fast
- A pharmacy help line you can call 24/7 if you have questions

How to find out if your medicines are covered and what they'll cost

Before you enroll:

In your plan materials, you can see what medicines are covered and how much they'll cost. You can also visit [Aetna.com/formulary](https://www.aetna.com/formulary) and choose your plan name to find covered medicines and alternatives that cost less. Don't see it, or need your plan name? Just ask your employer.

After you enroll:

Visit [Aetna.com](https://www.aetna.com) to register and sign in to your member website. There, you can estimate your costs and compare what you'd pay through your local pharmacies versus mail service.

What is preauthorization?

Some medicines your doctor prescribes may need preauthorization. This means they need approval before they can be covered. Or we may ask your doctor to prescribe a lower-cost version. If needed, you or your doctor can always ask for an exception.

Where can I get my medicines?

Retail pharmacy — occasional prescriptions

For medicines like antibiotics that you take short term, you can visit any retail pharmacy — whether you're at home or on the go. For the best price, choose a network pharmacy on [Aetna.com](https://www.aetna.com).

CVS Caremark® Mail Service Pharmacy* — long-term prescriptions

You can use this service for medicines you need to take for conditions like high blood pressure or diabetes. Your medicines are mailed to you quickly and safely at no extra charge. And you may get up to a 90-day supply.

Specialty pharmacy — long-term special medicines

Some long-term health conditions, like multiple sclerosis or cancer, require special medicines.** They often need special storage and handling. That's when you'd use a **specialty pharmacy** to make sure that your medicines are packed securely and arrive safely. You can also get extra help to learn how to manage side effects.

Join us today and get the support you need.

*Some plans allow a 90-day supply to be filled at a retail pharmacy.

**Specialty medicines through the specialty pharmacy network may not be available to California health maintenance organization (HMO) members.
