Care when you need it, at a price you can afford

Sometimes things just happen. Your kid develops flu symptoms after your primary care office has closed for the day. You step on a tack over the weekend. Whatever it is, you want to be able to access care at a price you can afford. That's why we're offering a new perk to eligible Aetna® members: access to covered MinuteClinic® services at no cost to you, or low cost to you, based on your plan design.*

MinuteClinic locations are walk-in clinics inside select CVS Pharmacy® stores and are the largest provider of retail health care in the United States, making it easy to access care in your neighborhood.

MinuteClinic locations offer a broad range of services to keep you and your family healthy. MinuteClinic health care providers treat and diagnose a variety of illnesses, injuries and conditions.

Open seven days a week, including evenings and weekends. You can schedule appointments online beforehand. And for even more convenience, you can pick up your prescription on-site.

It's as simple as going to your local MinuteClinic location and receiving care. Your covered family members can take advantage of this benefit, too.

Once you're an Aetna member, you can learn more about this benefit that's designed to help you get the care you need, when you need it — at no or low cost to you.*

For your best health, we encourage you to have a relationship with a primary care physician or other doctor. Tell them about your visit to MinuteClinic, or MinuteClinic can send a summary of your visit directly to them.

Please note: Eligible Aetna members who enroll in qualified high-deductible health plans will receive lower-cost care for covered minor illness and injury services provided at MinuteClinic and can receive preventive services at no cost share. However, in order to receive no-cost care on covered services, they will need to first meet their deductible. Once the deductible has been met, those members will be able to access covered MinuteClinic services at no cost share.

*Applies only to covered services at MinuteClinic locations. Video visits are not a covered service under this benefit. Members in indemnity plans are not eligible for this benefit. Visit **MinuteClinic.com** for age and service restrictions.
